

Bewdley Twinning Association

Activities for Bewdley Twinning Association are currently suspended.

Covid-19 meant that planned activities with our German friends from Vellmar had to be cancelled. The first that fell foul of the pandemic was a visit to Bewdley by members and families members of Feuerwehr Stadt Vellmar (the Vellmar firefighters) scheduled for June 2020. The second was a planned visit to Vellmar to join in with their annual celebrations in September. Over the past year we have kept in touch and an article was sent to their local newspaper describing lockdown in Bewdley.

A group from Fort Mahon Plage was due to visit Bewdley in October 2020 and it is currently difficult to envisage a time when we can welcome visitors from France to stay in our homes, travel in full coaches to places of interest or fill a restaurant for a meal together. Meanwhile, we continue to exchange greetings until we are able to resume activities.
