"SustFest has been a great collaborative project for the Wyre Forest. The events can help you to discover new things about the area you live in. As a service that runs events, it has also helped me to reach a wider audience."

Owen Raybould, Bitesize Foraging.
Past and present SustFest participant.

"SustFest 2022 helped many local organisations to reach out to their local communities and share their activities, services and events. With SustFest 2023, Wyre Forest Green Alliance is again able to support even more groups to share with the people of Wyre Forest District, ways of being greener, happier and healthier. Good for the planet, good for our local communities and good for families and individuals.

Have a great SustFest and please support as many events as you can."

John Rhymer
Chair · Wyre Forest Green Alliance

Schools participation:

Look out for pledge pebbles around the below schools local areas. These pebbles have been painted and decorated by students with their own pledges on to help spread the "Greener, Happier and Healthier" message.

SustFest 2023 is a two week long sustainability festival celebrating three themes:

Greener, Happier & Healthier. This festival celebrates all the amazing organisations and businesses working towards these themes within the Wyre Forest District. It is a chance for communities to grow, connect and inspire and of course, have fun! We hope that you enjoy the second year of SustFest Wyre Forest and join in with all the wonderful events going on throughout these two weeks. Please follow our Facebook page for the most up to date information by scanning the QR codes alongside.

Search SustFest on Eventbrite to view all bookable events featured in this programme.
